If you are in a domestic or sexual violent relationship, please know
New Hope is still here for you.

Following Governor Charlie Baker’s order for non-essential businesses to close because of the coronavirus pandemic, we closed our physical offices a few weeks ago. However, we are still providing life-saving supports to survivors of domestic and sexual violence survivors. Our dedicated staff have worked diligently to develop remote processes and procedures to support those in need. All the while, prioritizing the health and safety of survivors and staff.

The 24/7 Hotline (800-323-4673 HOPE) is still operating; counseling, advocacy and education is happening via telephone or through a secure virtual site. We want to assure you that while methods may look different, we will continue to provide survivors with the same level of professionalism and compassion.

So, reach out, via phone, web site (new-hope.org), social media and soon through a web chat function linked to our web site. Stay tuned in April for our on-line Sexual Assault Awareness Month activities. Together, we can create communities free from violence and exploitation.
Please keep safe and healthy!

Thank you for your patience and understanding during these challenging times.

And, remember, the HOTLINE is still available 24/7 at 800-323-4673 (HOPE)!

We are here for YOU!

A couple of weeks ago, New Hope went virtual, and we are happy to announce we have added an additional resource for people to connect with us.

We have Web Chat Support!

It's available Monday through Friday from 10:00 am to 2:00 pm and it a confidential/secure session.

Just visit www.new-hope.org and chat with one of our New Hope professionals.

April is Sexual Assault Awareness Month (#SAAM). We are invested in helping everyone in our community talk about sexual violence. We have been bombarded with messages around sexual violence and how it is harming people we care about.

This month we will talk about why we all need to be involved in ending sexual violence. To balance out the difficulties we are having in this uncertain time, we will also post about mindfulness and self-care!

Be sure to visit our social media pages throughout the month for informational and interactive content.

As always, our 24-hour hotline is available: 1-800-323-HOPE

New Hope’s Executive Director Marcia Szymanski and Congressman Joe Kennedy III discuss resources for survivors of domestic and sexual violence during this current pandemic.

Thank you Congressman Kennedy for helping New Hope build awareness about domestic and sexual violence. New Hope is here for the community!

Postponed - Highlights of Hope

New Hope's Annual Highlights of Hope event has been postponed. The event, held every May, is an inspiring gathering of community leaders.

We hope to reschedule at the same venue, the Imperial Room, as Kevin Meehan had generously offered his venue. Once we establish a new date, we will be sure you receive our Save the-Date announcement.

We hope to celebrate with you sometime soon!

Special thanks to New Hope’s staff and family from our Prevention, Outreach & Education Program.

They made 100 Gifts of Hope packages for New Hope’s shelters, Monday Peer Groups, and to the Southbridge Public School’s Lunch “Grab and Go” Program for their students.
This small gesture will bring so much hope and joy to people while under the global pandemic.
